Weather Forecast.

For North Carolina—Showers Friday and probably Saturday; light to fresh south winds.

Fortunately, we will have no witches to burn as was done under the old "Blue Laws" of New England.

A Georgia man who was walking in his sleep was shot by a woman for a burglar. Any Georgian ought to know enough to keep his eyes open when there's a woman any where in sight.

It may be safely assumed that a great majority of the people of Wilmington favor the repeal of the ordinance penalizing druggists for selling soda water and cigars on Sunday. Let it be repealed.

Says the Washington Star: "A machine has been invented that will manufacture forty pies a minute." Still that machine is not so interesting to a Republican as the party machine that divides up the pie.

The yellow fever scare at New Orleans came along just in time to relieve the Roosevelt administration from continued publicity about the "foci" and the "sub foci" of corruption at Washington.

The Star suggests that the Board of Aldermen appoint a committee to enter into correspondence with the authorities of the various towns and cities of the State where municipal ownership of water works is in full operation. Under this plan much valuable information may be secured.

The Raleigh Post, remarks: "The man who thought political strife was dead in South Carolina is entitled to another think." 'Taint dead in South Carolina, 'taint dead in Virginia, and 'taint dead in North Carolina as long as there are men who want offices and will say and do all kinds of things to get there.

LOCAL DOTS.

—The [illegible] no police court yesterday and [illegible]g doing" with the magistrates.

—Cab Co[illegible] fast third baseman now with the Virginia-Carolina League, is expected here the latter part of this week to play in the series with Fort Caswell. He will be the guest of Mr. J. Clem Wescott.

—Dr. M. H. P. Clark's 'phone number at his office in the Murchison National Bank building is No. 367. His patients are requested to call him there and to paste the number in their directories.

—The usual Friday night and Saturday week-end dances at the Seashore Hotel are still attracting large numbers of young people from the city, sound and beach. Excellent music is furnished and the ball room is the scene of brilliant gaiety each night.

—The meeting of druggists last night to protest against the enforcement of the "blue laws" on Sunday did not materialize but will be held later. If their sales are restricted to medicines alone, they threaten to close altogether on Sunday for the reasons stated in yesterday's paper.

—An excursion from Wadesboro and intermediate points on the Seaboard Air Line arrived early yesterday afternoon, bringing between 800 and 900 visitors, who spent most of the day at the beach, returning last night at 8:30 o'clock. Another big excursion from Lumberton is due today.

—The residences of Messrs. J. T. Martin, W. M. Casey and R. C. Sellars were visited by burglars just before day Wednesday morning, but in each instance the marauders, who were recognized as white men, were frightened off. The citizens of the village are on the look-out and a capture may result upon any further attempt at robbery.

—Four negro vagrants in the northern section of the city were arrested and lodged in jail this morning by Justice Bornemann and Deputy Sheriff W. H. Cox. Two of them are believed to have been broken into the store of Mr. H. H. Woebse some time ago and will doubtless be placed on trial at 10 o'clock this morning for that offence.

—A gentleman and his wife, en route to the beach, were detained on the A. & Y. train last night by Quarantine Officer E. L. Smith until a health certificate could be telegraphed them from some point in the western part of the State. They had a pet monkey and that fact almost bespoke a tropical point of departure, but the health certificate by telegraph was all right.

—There is much interest in the yacht race at Wrightsville this afternoon and Carolina Yacht Club members will go down in large numbers. The Regatta Committee calls the race for 3:30 P. M. The entries noted are as follows: "Puzzle" by Capt. J. VanB. Metts; "Buttinsky," Capt. H. J. McMillan; "Kayembee," Capt. M. S. Willard; "Don Julian," Capt. W. L. Parsley.

CHARLIE KUNOLD THERE.

Member of Arctic Exploring Expedition Recently Rescued.

In the telegraphic columns of the Star to-day will be found an account of the rescue of the Fiala-Ziegler Arctic Exploring Expedition, which has been away since 1903 in a vain effort to reach the North Pole. The story is of local interest from the fact that a Wilmingtonian, Charles L. Kunold, who is well remembered here as a former member of the police force and a smallpox watchman, is a member of the party, which was on the steamer America.

Mrs. Lena Kunold, No. 1102 Market street, this city, is the wife of Mr. Kunold and she received a private telegram yesterday from the agency in New York which sent the expedition out. The telegram read as follows:

"Following cable received to-day from Mr. Champ from Honningsvaag. Thirty-eight members rescued; one Norwegian dead from natural causes; health good. Steamer America crushed and lost together with large portion of coal and provisions. Three attempts North failed. Scientific work successfully carried out. Notify families."

Mrs. Kunold immediately telegraphed to the agency in New York to learn definite news as to her husband but at last accounts she had heard nothing.

THE INDUSTRIAL EDITION.

Chamber of Commerce Endorses Efforts of Editor Whitehead.

A special meeting of the Executive Committee of the Chamber of Commerce was held yesterday morning. Those present were Mr. J. A. Taylor, chairman ex-officio; Mr. James Kyle, secretary; Messrs. L. B. Rogers, M. S. Willard and I. M. Bear. The following resolution was presented and adopted:

"Believing in home institutions and realizing the importance of the trucking industry to Wilmington, this Chamber hereby pledges its moral support to Z. W. Whitehead, of the Truckers' Journal in his efforts to publish a special illustrated trade issue of that paper on Wilmington, her commercial, industrial and other resources, possibilities and future development, in connection with the strawberry and vegetable industry of this section."

GRAND ENCAMPMENT

Odd Fellows of High Degree Conclude Their Sessions at Wrightsville Beach.

AT DURHAM NEXT YEAR.

Annual Election of Officers and Their Installation Yesterday Afternoon—Bowling Party Complimentary to Visitors Last Night.

The 59th annual convention of the Grand Encampment, Independent Order of Odd Fellows, of North Carolina, adjourned at the Seashore Hotel, Wrightsville Beach, at 5 o'clock yesterday afternoon to meet next year at Durham, N. C. The sessions at the beach have been very pleasant for the visitors, fruitful of much good for the order and the Wilmington Camp and Odd Fellows generally have been glad of the opportunity to entertain the convention. The feature of yesterday's sessions was the annual election of officers for the ensuing year, which resulted as follows:

Grand Patriarch—L. W. Jeannerette, of Asheville.
Grand High Priest—C. E. Frick, of Charlotte.
Grand Senior Warden—F. C. Dunn, of Kinston.
Grand Scribe—J. T. King, of Wilmington.
Grand Treasurer—Wesley Williams, of Elizabeth City.
Grand Representative — George Green, of Newbern.
Grand Junior Warden—W. L. Smith, of Wilmington.
Grand Inside Sentinel—G. W. Bryant, of Durham.
Grand Outside Sentinel—D. Gaster, of Fayetteville.
Grand Marshal—W. R. Johnson, of Windsor.

It will be noted with pleasure by their Wilmington friends that Mr. J. T. King was honored with re-election as secretary and that Mr. W. L. Smith, an enthusiastic member of Campbell Encampment No. 1, of this city, was elected Junior Warden. The other proceedings of the morning session were largely routine and of a private nature.

In the afternoon the work of the convention was concluded with the installation of the new officers. This pleasing formality was by Retiring Grand Patriarch W. H. Weatherly, of Elizabeth City, and while the exercises were of a ritualistic character, it was very pretty and impressive.

An important action at the same session was the decision to place in the field a competent deputy to the Grand Patriarch whose duty it will be to "build up the waste places" and otherwise revive the work all over the State.

Resolutions of thanks to the Seashore Hotel for reduced rates and to Manager Hinton for the many courtesies shown, to Campbell Encampment No. 1, and the Odd Fellows of Wilmington generally for their hospitable entertainment and to the newspapers for their reports of the proceedings were unanimously passed by the Grand Encampment.

At night the Grand Representatives and ladies accompanying them were entertained at a bowling party in the amusement and refreshment pavilion of the hotel. A number of Wilmington Odd Fellows and their lady friends were present and the affair passed off very pleasantly. The first prize in the bowling tournament, a handsome watch charm, was won by Mr. E. B. Gallop, of Poplar Branch. The booby prize for gentlemen went to Mr. W. R. Johnson, of Windsor. The first prize for ladies, a pretty hat pin, was won by Mrs. Wyatt while the consolation prize went to Mrs. L. L. Boone, of Wilmington. After the contest a delightful coure of refreshments was served in the pavilion.

It was regretted by the local committee of entertainment that there was not greater opportunity for social features, but the visitors came for business and duty was placed before pleasure. The representatives for the most part will return home to-day, but a few of them will tarry a while longer to enjoy Old Ocean's breezes.

TRIAL AT BURGAW.

C. A. Bordeaux, Young White Man, Charged With Serious Offence.

The preliminary trial of Mr. C. A. Bordeaux, the young man arrested here a few days ago by Deputy Sheriff Cowan, of Pender county, on a charge of abandonment and failure to support his family, was held yesterday morning before Justice of the Peace Tom Moore, at Burgaw. Owing to the prominence of the families concerned and the peculiar circumstances of the offence charged against the young man, the trial attracted a very large crowd of citizens, partisans of one side or the other. A. J. Marshall, Esq., of this city, was employed to prosecute the case and Jno. T. Bland and E. L. Larkins, Esqs., of Burgaw, appeared for the defendant. It was held there was probable cause and Bordeaux was bound over to Superior Court under bond of $50 which was furnished with Register of Deeds T. T. Croom and J. T. Bland, Esq., as sureties.

Bordeaux married a daughter of Rev. A. J. Bordeaux, a Baptist minister, living seven miles from Burgaw. The young man's wife died at Norfolk some time ago and lately the children were brought to the home of the grandfather in Pender county. Mr. Bordeaux was employed by the Angola Lumber Co., in this city, but his father-in-law made complaint that he failed to contribute to the support of the children.

DEPUTY SHERIFF INJURED.

Officer J. M. Wade Thrown From Spirited Horse and May be Fatally Injured—At the Hospital.

Deputy Sheriff J. M. Wade is at the James Walker Memorial Hospital in a dangerous condition as the result of being thrown from a spirited saddle horse on the hard brick pavement at the intersection of Third and Princess streets yesterday morning shortly before 11 o'clock. After being thrown, his foot appeared to have been caught in the stirrup of the saddle and the horse fell on him. He was rendered unconscious, or nearly so, and did not regain possession of his faculties until early last night, when it was reported from the hospital that although he was suffering with concussion of the brain, he was getting along very well. The attending physician, however, said it would be 24 hours before the result of the fall would fully develop. From the external wounds, which appear rather slight, it is impossible to tell yet whether the skull was fractured.

Mr. Wade is Justice G. W. Bornemann's deputy and yesterday some civil papers came in his hands to be served on persons in the Acorn Branch neighborhood. Justice Bornemann went to the stables of Messrs. Orrell & Alexander and hired a saddle horse for the deputy and the officer had just mounted the animal and started off when Mr. Wade attempted to turn the horse up Princess street, instead of up Third street as the horse seemed inclined to go. Immediately the steed began prancing and rearing up on his haunches. Mr. Wade was thrown across the street car track and the horse seemed to fall over on him. A number of bystanders saw the fall and when it was seen that Mr. Wade lay prostrate on the pavement after the horse got up, friends hurried to his side and did what they could for him until Dr. W. D. McMillan administered a hypodermic solution and the young man was soon sent to the hospital. Mr. Wade is a faithful and conscientious officer and has many friends who trust that his injuries will not prove serious.

FOR EVERYTHING IN SIGHT.

Example of the Way the Street Carts Are Operating.

A good story, emphasizing the strenuosity of the times in the street cleaning department of the city after the recent order of the Board of Health in taking action as to the yellow fever situation, is told on a North Fourth street grocer, who is in no position to enjoy the joke. Early yesterday morning a lady came in the store and purchased of the grocer a fine, fat hen. She was a little timid about killing things and, of course, the obliging man behind the counter said he would attend to that and send the fowl up later. He went into the coop hurriedly in the rush of the morning hour, pulled out the chicken, wrung its neck and threw it out in the street to flutter, bleed and die. But he had reckoned without the sanitary cart, which soon appeared on the scene, claimed the dead fowl as a menace to the public health and was well on its way down the street before the grocer awoke to the fact that the lady's ichicken was gone. Then there was a scurrying to and fro and after observance of a little red tape, the fowl was recovered.

THE FESTIVE HAYMAKERS.

"Making Hay While the Moon Was Up" Last Night.

The Haymakers, the jolly social degree team of the Improved Order of Red Men, were out for a good time last night and it is entirely unnecessary to say they had what they went for. At the regular meeting of the degree after the session of Cherokee Tribe No. 9, I. O. R. M., two tramps were dragged through the straw and admitted into the fellowship of the erstwhile "Rubes." The boys are they who "make hay while the sun shines," and while Old Sol was not in evidence last night, the Sturgeon Moon was indicated on the Red Men's calendar and it served every purpose. Following the admission of the tramps into the hay loft, the lodge adjourned, some 35 or 40 in number, to the Dixie Cafe where a collation was served. An excellent repast was enjoyed and all those present rejoiced in the pleasures of the occasion.

Broke His Collar Bone.

Bruce Hall, son of Mr. V. Hall, suffered a severe fracture of the collar bone at Seaside Park yesterday afternoon. It was just before a game of baseball between the Y. M. C. A. and S. S. R. teams and while the players were in the field practicing, young Hall and Herbert Kendall ran into one another. The broken collar bone was the result. The injured player was taken to the hospital nearby by his companions and the broken bones were set. Later he was sent to his home and at last accounts was reported as doing very well. The game of baseball resulted in a score of 5 to 2 in favor of the Y. M. C. A.

Counsel for Lamb.

Young Tom Lamb, charged with the murder of Alice Owens, the young woman of questionable character, at a house on Eighth street, has employed Herbert McClammy and Marsden Bellamy, Esqs., to defend him. They have already had a consultation with the prisoner at the jail and, it is understood, have practically agreed upon a line of defence. The same attorneys will also appear for M. W. Shockley, charged with the killing of the young marble cutter, Talbert, about ten days ago.

AFFAIRS OF COUNTY

Auditing Committee of Commissioners in Regular Monthly Session Yesterday

TREASURER'S JULY REPORT

Balance of Over $30,000 on Hand—Fine Showing of New Hanover's Resources in Circular Issued to Bond Purchasers.

The Auditing Committee of the Board of County Commissioners was in regular monthly session at the Court House yesterday afternoon; present, Chairman D. McEachern and Commissioner Vollers. Aside from the burning of two Court House bonds of $500 each and interest coupons thereon, the only matter of interest was examination and approval of County Treasurer H. McL. Green's report for the month of July, showing receipts as follows:

Receipts—Balance on hand, General County Fund, $16,965.07; Special County Fund, $2,475; New Hanover Road Fund, $4,511.89; Road Sinking Fund, $7,685.93; Interest, $77.78; jury tax, $3.00; liquor tax, $6,175; Schedule B, tax, $2,186.03; back taxes, $13,854; rents, $13.75; court costs, $11.10; County Home, $162.63; marriage license, $21.35. Total, $40,427.07.

Disbursements—Road Sinking Fund, $1,140.02; Special County Fund, $1,454.21; Superior Court, $1,317.13; outdoor poor, $266.78; United Charities, $143; hospital, $600; County Home, $275.63; public buildings, $479.75; roads and bridges, $98.10; tax listing, $351.50; stationery and advertising, $167.65; magistrates, $35.98; jail, $168.50; county commissioners, $194; Register of Deeds, $134.40; Superintendent of Health, $100; Constable, $36.55; Coroner, $10; clerk, $60; janitor, $45; New Hanover roads, $2,088.81; Treasurer's commissions, $164.93. Total, $9,331.14.

The balance to August account is $31,095.93, divided between the several funds as follows: General County Fund, $21,027.57; Special County Fund, $1,020.79; New Hanover Roads, $2,423.88; Road Sinking Fund, $6,623.69. Total, $31,095.93.

The County's Resources.

In a circular issued by Chairman D. McEachern to prospective bidders on the new issue of $50,000 bonds for continuing the road improvement of the county, the following excellent showing of the resources of New Hanover is made in connection with the report of the Treasurer for the month ended on Aug. 1st:

"Assessed valuation for State and county Taxes, 1904, $11,166,646.

"Estimated real value at present, $16,000,000.

Population, Census, 1900, 25,785.

"Population, estimated at present, 32,000.

"Bonded debt, including this issue, $126,800.

"Floating debt, consists of July bills not yet audited, $3,000.

"All previous bond issues and interest have been paid promptly and there is no controversy, or litigation pending or threatened, as to the validity of these bonds, the boundary of the county, or the titles of the officials to their respective offices."

GEN. GLENN IN EXTREMIS.

Suffered Third Stroke of Paralysis at Buffalo Lithia Springs.

(Special Star Telegram.)

Raleigh, N. C., August 10.—Gover-Glenn was summoned by telegraph this afternoon to Buffalo Lithia Springs where his brother and private secretary, General James D. Glenn, has suffered a third stroke of apoplexy. General Glenn has been there for some days and was thought to be improving. The stroke came about noon and a message to-night is to the effect that he is speechless and regarded in a desperate condition. His wife is with him.

Pleasures at Lumina.

Lumina was thronged all day and night yesterday—in the day by the excursionists and at night by people from the city and on the beach. Each night brings a larger number of dancers than the preceding night. Bowling continues as popular as ever at Lumina but no one has as yet won either of the two prizes. One prize of $15 for a score of 300 and $10 for a score of 275.

Funeral Yesterday Afternoon.

Impressive funeral services were conducted at 4 o'clock yesterday afternoon over the remains of the infant son of Mr. and Mrs. W. B. Cooper who passed away Wednesday morning. The services were by Rev. M. Bradshaw, presiding elder of the Wilmington district, and Rev. J. Marvin Culbreth, pastor of Market Street M. E. church. The interment was in Oakdale cemetery.

Real Estate Transfers.

From deeds filed for record yesterday the following real estate transfers appear: William T. Bryan, of Warsaw, to Jno. H. Kuck, for $1,700, property on south side of Market, 66 feet east of Twelfth street, 33x150 feet in size. Joseph J. Bowden and wife to Jno. H. Hanby for $10 and other considerations, property on east side of Seventh, 66 feet south of Chesnut street, 68x163 feet in size.

Assessments For Street Improvements On Fourth Street.
Wilmington, N. C., Aug. 10, 1905.
To the owners of real estate abutting upon North Fourth street, from Fourth streets bridge to Nixon street:
You will take notice that the City Engineer has presented to the Board of Aldermen a report showing the amount of assessments for street improvement upon said street, or portion thereof.
At the first regular meeting of said Board of Aldermen, to be held after the expiration of ten days after the publication of this notice, the said Board of Aldermen will consider said report, and if no valid objection be made thereto the same will be adopted and approved by said Board. Said report is now on file in the office of the City Clerk, where same can be seen.

REAL ESTATE BOOM IN NEW ORLEANS.

If you are looking for optimists you can go down to New Orleans, if you have got the grit, and call on the editor of the New Orleans Picayune. Our esteemed contemporary comes regularly to The Star office and as we have always been fond of it, we are bound to open it but keep our eyes skinned for any stray stygomia fasciata that the mailing clerk may have accidentaly wrapped up in the paper.

However, as to optimism that is of the genuine kind, we find in the Picayune an editorial from which we take this:

"When the vexatious quarantines were first declared against this city because of the discovery here of a few cases of fever, it was feared by some that real estate values, which have recently expanded so handsomely, would be unfavorably affected. Well-posted men, however, scouted this belief, holding that realty values in this city were on too permanent and substantial a basis to be seriously influenced by an even worse outbreak of sickness than the present promises to prove. That this confidence was fully justified the devolpments of yesterday amply proved.

"Yesterday, for the first time since the inception of the quarantine, tehre was an opportunity to test the real estate market, as two tine, there was an opportunity to cations were offered at auction. One was the building of the former Germania National Bank, situated on Canal street, between Camp and St. Charles streets, with an alley opening on to St. Charles street, and the other the old bank building formerly occupied by the Hibernia Bank. Such property would naturally be among the first to indicate any diminished interest in realty as a result of the prevailing fever. Not only did both properties bring good prices, but they sold for more than anyone had believed possible, proving conclusively that confidence has not even been disturbed by recent events.

"The Canal street property, known as the Germania National Bank building, and until recently occupied by that institution, sold for $225,000, a top notch figure for even Canal street property. Of course, the building is admirably fitted for a bank, and it was bought to be the future home of the new German-American Bank. Old real estate men, as well as the owners of the building, were astonished at the high figure at which the property sold.

"The old Hibernia Bank building sold for $88,100. As the same building was bought only a few months ago for ..61,000, when property was said to be on a veritable boom, yesterday's high price fairly staggereed real estate people. Here is a direct evidence that the present situation, far from damaging real estate values, has not even checked the upward tendency which has been the rule for some months back.

"Evidently men of means fully realize that the future of New Orleans is too secure to be affected by an outbreak of sickness to which any large city is liable at any time."

THE PEACE CONFERENCE.

The preliminary meeting of the Washington peace convention was held at Portsmouth, N. H., on Wednesday and the regular formal sessions began yesterday. It is doubted whether any authentic information can be secured concerning the negotiations but there are troops of newspaper correspondents there. Among the journalists who have come on to try to get the news from day to day are representatives of Japanese and Russian newspapers. The dispatches tell us that they are already fraternizing and will no doubt be swapping lies before many days.

The news from Portsmouth is rather gloomy. There is a feeling of pessimism that Japan's terms will be so excessive that Russia can not agree to them. However, that is all guess work. Whatever the peace conference does, Japan is evidently confident that Manchuria and Korea are practically hers.

A fact which goes to show that Japan is confident that she will come out on top and that the war practically leaves her undisputed master of the situation is her preparations to develop the conquered territory.

Indicative of the determination of Japan to cause the settlement of a large part of her former population in Manchuria to cultivate its fertile fields and raise the grain and vegetables needed at home, are the contracts her government has already made with the United States Steel Corporation for 350 bridges, with the Baldwin Locomotive Works for 150 engines, and with two car companies for 1,000 steel cars from each. China may possibly be permitted to retain sovereignty over Manchuria, and Korea remain nominally independent; but the Japs propose to make use of the grain raising capacities of Manchuria and the mineral deposits of Korea for their own needs, as Baron Komura explained in an article recently published here.

CURRENT COMMENT.

—State pride is mighty strong among those Iowans who have a notion that the President is jealous of Secretary Shaw.—Washington Post.

—Tom Lawson was one of the "Fads and Fancies" victims. It is astonishing how Mr. Lawson can be wealthy and still have been victimized so often.—Detroit Free Press.

—We are getting better every day. Each fresh exposure of an iniquity helps. We can even now detect symptoms of the happy day when it will be bad form to be wicked.—Harper's Weekly.

—It's an ill wind that blows no good. The yellow fever scare has caused the thorough cleansing of a number of Southern cities. It is a shame that it should need such a scare to bring about such a result.—Columbia Record.

—New Orleans must put up $250,000 for the United States authorities to fight the fever, as the expense will be something like $2,000 a day. This is about 75 cents per capita of the citizens, and shows that fighting pestilence is next to war in the matter of

—Senator Philander C. Knox, of Pennsylvania is still unable to see in the peace meeting at Portsmouth anything beyond an occasion for the glorification of President Roosevelt. The President deserves a great deal of credit, of course, but there is no warrant for the efforts of some of his friends to make it appear that he is the whole show.—Savannah News.

—In Mexico the President of the republic received until lately less than $12,000 a year, and now that he gets this salary, it is deemed a handsome one. The members of his Cabinet are paid salaries that a head clerk would not consider high. The Secretary of Finance draws his salary, but returns it to the treasury, and this practice is adopted by some of the State Governors.—London Truth.

—There is another outbreak of typhoid fever in the Bay Ridge and Bath Beach region of Brooklyn. We might say the usual summer outbreak has occurred, for, in fact, such a catastrophe has for some years been much like a regular fixture for the season. It is a hundred times more serious than the single case of yellow fever at Quarantine, though we suppose the latter will attract a hundred times more attention and cause to the thoughtless a hundred times more apprehension.—New York Tribune.

—We suggest to the respectable Chinese in this country and at home who have resented, quite properly, the way in which Chinese exclusion has been carried out in the United States that they will further their project of securing a modification of that policy by seeking some way to restrain lawlessness among their own race such as was shown in the riot in a Chinese theatre in this city on Sunday evening. That sort of thing is intolerable in the United States, and if it is to be indulged in, the straightest, even if the rudest, way to get rid of those that practice it will appear very tempting to the average practical American mind.—New York Times.

TWINKLINGS.

—"A woman's bonnet would not cost much if it wasn't for the trimming," said the miserly husband. "Neither would a man's whiskers," answered his wife.

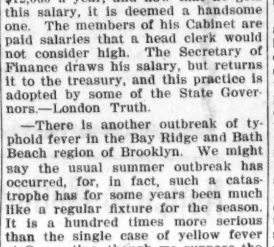
—The Czar—How are things in the Black Sea this morning? Naval Secretary—Bad, sir. As Kniaz I can find out they are still Pokeneminto us."—Oil City Blizzard.

—Little Willie—What's the name of the feller what calls on yer sister? Little Johnny—I don't know yet. Pop calls his something different every time he comes.—Chicago Journal.

—The Russian war party is again showing strenth at St. Petersburg. The war party has always been stronger in St. Petersburg than it has in Manchuria.—Washington Post.

—Trenton now has a curfew law, and all the old maids hurry to skate home before it rings at 9 o'clock, for fear some near-sighted policeman will take them to be under sixteen and pinch them.—Brinson (Kan.) Booster.



No woman can look beautiful without good health. A woman's good health depends on those organs peculiarly feminine, and which so often become disordered, causing misery and dragging-down pain. Nature's laws are perfect, health endures if you obey them, but disease follows disobedience. The distressing complaints of women are often brought about by catching cold at a critical period, breathing foul indoors' air and long hours of work and nervous tension. Go straight to Nature for the cure—to the forest. Dr. Pierce's Favorite Prescription is *Nature's cure* for the distressing complaints of women. Prof. King, M. D., in his American Dispensatory, says of Black Cohosh or Black Snake-root—"our early American Indians set a high value on this root in diseases of women. *It is surpassed by no other drug, in congestive conditions of the parts where there are dragging pains and tenderness.*"

Lady's Slipper root is a "nerve stimulant and tonic, improving both circulation and nutrition of the nerve centers—favoring sleep and cheerful condition of the mind; of service in mental depression, nervous headache, irregularities of women with despondency."—*Prof. King.* Besides the above ingredients there are—Golden Seal, Unicorn and Blue Cohosh roots in Dr. Pierce's Favorite Prescription.

Dr. Pierce's Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps, or cloth-bound for 31 stamps. Over 1000 pages and illustrated. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets should be used with "Favorite Prescription" whenever a laxative is required.

COTTON MARKETS.

New York, August 10.—Good crop weather reports caused continued selling of cotton and while the market met support on a scale down it gradually yielded and closed at a net decline of 11 to 13 points. The opening was quiet at a decline of 2 to 3 points under scattering liquidation promoted by the good weather map and the lower English spot market, but English futures were relatively steady and at first local bears seems to hesitate. Some houses with Southern connections had selling orders, however, and Liverpool showing increased weakness after the local opening, prices here soon broke to a net loss of 10 to 11 points following which there was a period or irregularity with a rally of 5 to 6 points around midday promoted by a Liverpool cable claiming that there was to be no strike in Lancashire. But the market did not hold the gain for rumors of selling against spot purchases in the South inspired fresh bear pressure in the afternoon and while the close was steady in tone owing to covering of room shorts, the active months were within a point or two of the lowest. Sales were estimated at 350,000 bales. Southern spot markets are unchanged to 1-8c net lower.

DISCRIMINATING LADIES.

Enjoy Using Herpicide on Account of Its Distinctiveness.

The ladies who have used Newbro's Herpicide speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it allays that itching which dandruff will cause. Newbro's Herpicide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness; in killing it, Herpicide stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

SPIRITS TURPENTINE.

—The Mt. Airy Leader says about 40 brandy distilleries are in operation in Surry county.

—Tuesday afternoon about six miles from Raleigh, while out hunting, Willie Finch accidentally shot and killed his companion Jesse Blake. Both were 18 years old.

—Several townships in Henderson county have voted in favor of subscribing about $50,000 in bonds for the building of the proposed interurban and trans-mountain electric railway.

—Taylorsville Scout: Miles Watts' the fortune teller, has an acre of corn that will yield 50 bushels. It has been made with the hoe and has never had a plow in it.

—Boone Democrat: A young man who had never attend school but one year in his life won a first grade certificate at the (teachers') examination here last week.

—Durham Sun: What's "the matter" with Greensboro? The Record reports that they are making good liquor out of tomatoes around there. It will make drunk come all right, and only a small quantity is required.

—Captain Andrew Murphy, aged 73 years, one of Salisbury's oldest citizens died there Wednesday night. He lived his entire life in Salisbury, was highly esteemed by all and was a dominant factor in the building of this city.

—Maj. J. H. Foote, of Wilkes county, has sent to the State library at Raleigh the scrap book which he kept during the war. He was the official keeper of the honor roll of North Carolina in the war, and it was part of his business to keep the clippings and comments of all papers that came to his hands.

—While attempting to enter the residence of Mr.. S. J. Perch, of East Spencer, near Salisbury, Wednesday night, an unknown negro was observed by a neighbor, Mrs. Charles Trexler, and held at the point of a pistol until officers arrived and took the burglar in charge. He confessed that he attempted to enter the same house the previous night.

—Davie Record: Mr. David Stroud, near County Line, went through the Civil War. When the war ceased he brought home his tent cloth and made it into sacks and out of the remnant he made a tobacco poke in which he has carried his smoking tobacco ever since. It is good for a long time to come. It has been in use now 40 years.

—Raleigh News and Observer: Prof. Wallace Riddick of the A. and M. College, civil engineer and surveyor, Mr. S. F. Mordecai, dean of the Trinity College law school, Senator T. D. Warren, of Jones county, Mr. Frank Thompson, of Onslow, Mr. Jones Fuller, of Durham, and Mr. Ludford, of Elizabeth City, have been in Charleston, S. C., for several days conferring with counsel there who represent a syndicate which desires to purchase 300,000 acres of swamp lands in Jones and Onslow counties. The sale has not been completed.

—The first solid train load of goods of one order ever shipped by a Southern factory passed through Greensboro Wednesday, containing the first installment of furniture for the Panama Canal, contracted for by the government with the White Furniture Company of Mebane. A United inspector completed his examination of the goods Monday, not a single article being condemned. The consignment is direct to Panama. The train is handsomely placarded, prominently billed and elaborately decorated.

—Charlotte Observer: The phenomenal success and increase in the volume of business of the Greensboro fire and life insurance companies is indicative of the fact that North Carolina people are looking more and more to the home companies for life and fire protection. Mr. C. C. Taylor, agency director of the Security, Life and Annuity Company, of Greensboro, spent yesterday in Charlotte on business and, in conversation with an Observer reporter, stated that the people of this State are in a prosperous condition generally; that they are insuring more than formerly and that the increase is going to the home companies instead of to Northern concerns which invest the money received as premiums outside the State.

—A Charlotte special to the Raleigh Post says: Information has been received here of a suit filed in the Circuit Court at St. Louis for a receiver for the Great Western Gold Mining Company, which W. P. Fife, erstwhile evangelist, promoted so extensively throughout North Carolina about two years ago. The suit is brought by two western stockholders, Ralph Bruicker, of Chicago, and Willard F. Snyder, of Salt Lake City, who allege that while the property of the concern is worth $15,000 it is capitalized at twelve millions, and that stock to the amount of several times that sum has been sold. Fife sold stock all over the State, promising fabulous returns, and some of the leading business men and professional men of Charlotte hold certificates.

—Raleigh News and Observer: Governor Glenn is preparing for his trip through the New England States in September, and announcement of several dates and places where he will speak have already been made, but the itinerary is not complete. A few other governors of Southern States will be present on some of the occasions at which the Tar Heel Executive will speak, but Governor Glenn is now the recognized exponent of Southernism from among the governors of the South, and he will have more dates to fill than any other. The object of the Governor's visit in New England will be to get the people of the North acquainted with the industrial developments and resources of the South, as exemplified in North Carolina. North Carolina will be the soul of all his speeches, and he will relate this State's progress and advantages industrially, commercially and educationally, and will tell the dyspeptic Northerner of the innumerable health retreats in Carolina. All his addresses will be directed to benefit North Carolina, and he will tell the North of the true conditions here.

H. W. Bagg, merchant and furniture manufacturer, of Second and Market streets, residing at 114 North Sixth street, says: "I used Doan's Kidney Pills and they proved to be a grand medicine, and I can also say that Doan's Ointment is the best remedy of the kind on the face of the earth. I suffered with my back for a long time. When I sat at my desk for a while and attempted to get up I would have to catch hold of the chair for support and straighten myself up gradually. The kidney secretions were dark colored and full of sediment. I read about Doan's Kidney Pills in our papers and went to R. R. Bellamy's drug store and got a box. Since using them my back is strong and I can move about and stand up as straight as ever and the kidney secretions have all cleared up. You may use my name as an endorser of the claims made for Doan's Kidney Pills and also Doan's Ointment, which I used with good results."

Good accommodation,s polite attention, splendid service and separate cars for white and colored patrons. — Aug4-11-Weekly.

A Touching Story

Public is Aroused.

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach, liver and kidneys. Mary H. Walters, of 546 St. Clair Ave., Columbus, O., writes: "For several months, I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was so weak, from useless doctors' drugs, that I could not eat. Soon after beginning to take Electric Bitters, I obtained relief and in a short time I was entirely cured." Guaranteed at R. R. Bellamy's drug store; price 50c. **

The Last Excursion to Newbern.

There will be an excursion to Newbern over the famous Atlantic Coast Line on Monday August 14th, when the last chance of the season is offered to visit this city of rare pleasure at the remarkably low cost of $1.00 for the round trip. This will be a big day in Newbern and a good time is promised all who go. There will be separate cars for white and colored people.

Train leaves depot at 8.00 A. M. and will leave Newbern at 10 A. M.

The Morning Star.

WILMINGTON, N. C.

Friday Morning, Aug. 11.

PRESIDENT ROOSEVELT AT WILKESBARRE, PA.

He and Cardinal Gibbons Deliver Addressed to Catholic Total Abstinence Union.

By Wire to The Morning Star.

Wilkesbarre, Pa., August 10.—From every section of the anthracite region miners and temperance workers came here today, thousands arriving on the early trains, and before daylight crowds of people with lunch boxes and umbrellas had camped out in advantageous spots to await the arrival of President Roosevelt.

The Catholic Total Anstinence Union delegates transacted but little business this morning and at noon the ten thousand uniformed cadets and soldiers of the two regiments of the order paraded. This parade ended in time for the regiments to line the streets, and keep back the great crowds. Before the President's train came to a full stop a great shout went from the enormous crowd assembled in the station which increased into a roar as the President stepped briskly from the train. The President was met by the local reception committee which included Father Curran and John Mitchell.

The streets along the route from the station to the Suspuehanna river where the speakers' stand was erected were lined with a solid mass of people. Many of them had been standing at favorite places for hours. The President's reception as he was rapidly driven over the route was a tremendous one.

The President appeared to be extremely pleased at the demonstration and kept bowing to the right and left. The crowd at the speakers' stand was so noisy that it took several minutes to quiet the enthusiasm and permit the exercises to begin. Those who spoke were President Roosevelt, Cardinal Gibbons, President Mithcell, Mayor Kirkedall and Father Curran.

John Mitchell in introducing the President made a long defense of trade unionism.

President Roosevelt then spoke, and his speech received tremendous applause.

Cardinal Gibbons followed and said in part:

"The President's mission will be far-reaching in its beneficient influence if he strengthens here the good relations between the employer and employed. There should be no conflict between labor and capital. They should be united and inseparable. The members of society are as closely bound together as the members of the human body. I care not what a man possesses—the wealth of a Rockefeller, a Vanderbilt, an Astor—what will his wealth avail him if he has no friend to grasp his hand, no companion to cheerish him, no servant to minister to him?"

The Cardinal concluded with the following verses.

"God bless the noble working men
"Who rear the cities of the plain,
"Who dig the mines and build the ships,
"And drive the commerce of the mane.
"God bless thom, for their swarthy hands
"Have wrought the glory of our lands."

After the exercises the entire party crossed the river to the west bank and drove to historic Wyoming, six miles north.

ORDEAL WITH MADMAN.

Keeper of Light-house Had to Fight to Save the Light.

By Wire to The Morning Star.

New York, August 10.—Stratford Shoals Light and perhaps the big Long Island sound steamers which are guided by it were saved last week through the heroic struggle which the keeper of the light, Merrill Hulse, fought for seven days against an insane man, maroomed alone with the keeper and determined to extinguish the light.

The madman was Hulse's brother-keper, Julius Coster, who wen crazy and tried to destroy his light. In attempts to get at the light Coster wanted to kill Hulse.

Hulse had no warning that he was living with an insane man, until one day Coster attacked him with a weapon made of a razor attached to the end of a long pole. The keeper overpowdered Coster, and repeatedly afterward during the first two days of his companion's madness was forced to fight for his own life. Then Coster's mania took a new turn and one afternoon Hulse found him with a hammer and chisel trying to cut away the walls of the light-house. That night the light suddenly stopped revolving and its keeper ran to the damp room to find Coster with an axe about to destroy the lenses. He fought his way into the room and saved the light but from this time on, fully five days, doing two men's work, the brave keeper was forced both to guard the lens day and night and to fight many times for his own life. Coster finally attempted suicide, but Hulse prevented him.

WARM WIRELETS.

The Rev. Egbert Watson Smith, of Greensboro, N. C., has been called to the pastorate of the Second Presbyterian church of Louisville, Ky.

Read Admiral Charles E. Clark, one of the naval heroes of the Spanish war, became sixty two years of age yesterday, and for that reason was transferred to the retired list in the navy.

The Southern Vehicle Association met in annual session at High Point, N. C., yesterday. A proposition for support for the Southern Vehicle Journal, soon to be launched, was adopted. Among the matters discussed were "encouragement of industries for manufacturing of vehicle parts in the South" and "prices, trade conditions and credits."

A Cleveland, O., dispatch says: Creditors of Mrs. Cassie L. Charwick will receive a total dividend of about seven mills on the dollar when the matter is finally settled, according to referee in bankruptcy Remington. The assets will amount to $25,000, it is expected, against which are claims for attorneys fees and court costs amounting to $10,300, leaving about $14,000 with which to meet $2,000,000 of indebtedness.

PEACE OUTLOOK RATHER GLOOMY

Japanese Terms for Ending War Presented to Russian Plenipotentiaries Yesterday.

CONDITIONS HUMILIATING.

Propositions of Mikado In Many Respects Inacceptable to the Czar—Must Pay for War, and Surrender Territory, Etc.

By Wire to The Morning Star.

Portsmouth, N. H., August 10.—Reimbursement for the expenses sustained in the prosecution of the war and the cession of the Island of Sakhalin constitute the main features of the peace conditions handed by Baron Komura to Mr. Witte at the conclusion of the morning session of the plenipotentiaries in the general stores building of the navyyard.

The word "indemnity" is carefully avoided, the term employed being "reimbursement" for the cost of the war. No sum is fixed, the amount being distinctly adjourned for mutual adjustment between the two countries after the Japanese expenditure has been ascertained. These are the two all important conditions and those which the Russian plenipotentiaries find absolutely inacceptable. Inacceptable as they are, however, it can be stated that these two principal conditins did not come as a surprise to the Russian plenipotentiaries. The friendly fashion in which Baron Komura explained the conditions before handing them to Mr. Witte and the avoidance of the use of the word "indemnity" in the presentation of Japan's bill for the cost of the war without fixing a sum, leaves the way open for negotiations and constitutes the main hope that a final agreement is possible. Certainly the danger of a sudden rupture no matter what the ultimate result may be, is precluded by today's developments. The other terms are substantially what the world expected and with one or perhaps two exceptions could probably be entertained as basis of negotiation. They include the following:

"The cession of the Russian leases to the Liao Tung penisula comprising Port Arthur and Dalny. The evacuation of the entire province of Manchuria, the retrocession of China of any privileges Russia may have in the province, and the recognition by Russia of the principle of the "open door," the cession to Japan of the Chinese eastern railroad below Harbin, the main linen through northern Manchuria to Vladivostok to remain Russian property. The recognition of the Japanese protectorate over Korea. The grant of fishing rights to Japan in the waters of the Siberian littoral northward from Valdivostok to the Behring sea. The relinquishment to Japan of the Russian warships interned in neutral ports. Finally a limitation upon the naval strength of Russia in Far Eastern waters.

As a whole the terms are regarded as exceedingly hard by the Russians. nI addition to the two principal conditions which cannot be accepted under Mr. Witte's instructions, those relating to the limiting of Russia's naval power in the Far East and the granting of fishing rights upon the Russian littoral are considered particularly offensive to the amour propre of their country and of such a humiliating character as to be inadmissable.

The Japanese on the contrary, as Baron Komura, announced at the conference today, consider them moderate, contending that they only represent a fair compensation for the expenses of the war and the victories they have achieved on land and sea, their sole purpose being to attain the objects for which they have fought, the spoils claimed being only such as they are legitimately entitled to as the result of their military and naval successes. The Russian plenipotentiaries as soon as the Japanese terms were in their hands called in the five expert delegates attached to the mission and spent the whole afternoon in the consideration of the terms. Meantime the conditions had been placed in cipher and cabled to the Czar with M. Witte's personal recommendations.

It is hoped that a reply will be received from the Emperor tomorrow in which case Mr. Witte expects to have the Russian response ready by Saturday but it is not unlikely that Saturday being the first anniversary of the birth of the Czarevitch, the plenipotentiaries will not meet unless some unexpected necessity for a conference should arise.

The Japanese plenipoteniaries manifest not the slightest annoyance at the prospect of a few days delay. They realize how serious the issue is and are perfetcly willing to give their Russian colleagues ample time for consideration.

Mr. Witte and Baron Rosen had yesterday accepted an invitation to dine with Assistant Secretary of State Pierce and in spite of their arduous labors at the navy yard, today, they kept the engagement. At 9 o'clock upon their return to the quarters in the hotel they plunged again into their work and the lights in the rooms burned until long after midnight.

Much excitement prevailed about the hotel, the corridors of which were thronged with summer tourists and newspaper correspondents, all discussing and speculating upon the terms, while off the corridors dozens of telegraph instruments were clicking off dispatches to all quarters of the globe.

The Russian and Japanese plenipotentiaries denied themselves to callers. No statements were issued and only to a few were Japan's conditions known.

The Official Statement.

Portsmouth, N. H., August 10.—The following official statement was made by Mr. Korostovestz on behalf of the Russian plenipotentiaries:

"In the meeting of August 10 the question of full powers has been regulated so that there will be no more difficulties on the subject. After this the Japanese plenipotentiaries handed to the Russian plenipotentiaries the conditions of peace in writing. It has been decided that the Russian plenipotentiaries will study the question and will as soon as possible give their answer in writng. In the meantime the meeting of the conference have been adjourned."

Mr. Sato issued an official statement about this morning's meeting of the conference identical with that issued by Mr. Korosovetz. The only difference was the former was in English, the latter in French.

The Proceedings.

Portsmouth, N. H., August 10.—Immediately after the plenipotentiaries and their secretaries gathered in the conference room and exchanged complimentary words partly in French and partly in Japanese, Mr. Witte produced a diplomatic note addressed to the Japanese plenipotentiaries in connection with their failure to present their credentials at yesterday's meeting. What the contents of this are cannot yet be learned but there is a basis for the belief that Mr. Witte in this note took occasion to give expression to the surprise which he undoubtedly felt that the Japanese plenipotentiaries after having from the outset of the preliminary negotiations laid so much stress on the necessity of examining credentials before the first step was taken should, at the first meeting have failed to bring with them full official letters. Historical precedents are quoted in the note to show the irregularity in yesterday's proceedings. The Russian note was made part of the permanent record without objection on the part of the Japanese.

The official credentials were then exchanged. As each side previously had an opportunity to examine them this was largely a matter of form. A somewhat general discussion following in which Baron Komura and Mr. Witte spoke frankly of the purpose of the meeting. The best of spirit was manifested and the discussion widened, Baron Rosen and Mr. Takahira participating, French and English being used. During the course of the exchange it was agreed that Baron Komura should immediately present the Japanese terms and Mr. Witte promised to give a reply at the earliest possible moment. In order to avoid misunderstandings it was arranged that the reply and all formal communications should be made in writing. This understanding having been reached just before the session adjourned, Baron Komura handed the document to Mr. Witte, who thrust it in his pocket without opening it. While the Japanese went to luncheon Mr. Witte with Mr. Rosen repaired to their rooms where they examined the document on which so much depends.

Immediately after the adjournment of the meeting Mr. Witte set his secretaries to work to put into cipher the conditions of peace presented by Baron Komura which were cabled to St. Petersburg. Mr. Witte personally put into cipher his own comment upon the character of the conditions and his views as to what action had best be taken.

Among the Russian and Japanese delegates at the Wentworth there is a great deal of discussion about the acquiesence of Mr. Witte in the suggestion of Baron Komura to exclude delegates from the conference Baron Komura raised a specific objection to the presence of Professor de Murtens, whom Mr. Witte and Baron Rosen desired to have in attendance in an advisory capacity, offering to agree to the presence of any of the Japanese delegates. But the Japanese declined, saying they should not ask for the presence of any of the delegates Mr. Witte did not press the point, but it may be raised again later should a basis of settlement be reached.

More Hopeful Aspect.

Portsmouth, N. H., August 10.—The Associated Press is able to announce that the whole spirit of the discussion to-day was such as greatly to strengthen the hope of a favorable issue of the conference. Baron Komura was exceedingly earnest in his statement that Japan was anxious for and desirous of an abiding peace and in advance of the actual delivery of the conditions he assured Mr. Witte and Baron Rosen that his country's terms were moderate and he hoped such as could be accepted as a negotiation. Mr. Witte replied to Baron Komura at considerable length, with the greatest earnestness, joining in the hope that a lasting peace could be aranged. The frank and evidently sincere expressions of the chief plenipotentiaries made a deep impression on both sides. Baron Rosen and Mr. Takahira only spoke briefly. Mr. Witte, occupied the lion's share of the time.

Later it was ascertained that an agreement was reached today by which the next meeting of the conference was formally adjourned until Monday.

ARCTIC EXPEDITION RESCUED.

Fiala-Ziegler Explorers Lost Ship and Suffered Extremely.

By Cable to The Morning Star.

Honningsvaag, Norway, August 10.—The Arctic steamer Terra Nova, which went to the relief of the Fiala-Ziegler polar expedition, has rescued Anthony Fiala and all the others connected with the expedition, with the exception of one Norwegian seaman who died from natural causes. The ship America, which took out the expedition, was crushed in the ice early in the witer, 1903-4 and was lost with a large part of her coal and provisions. The thirty-seven members of the expedition who returned to safety are all in good health, despite their deprivations and trying experiences and their prolonged imprisonment in the Arctic, the expedition having been severed from all communication with the outside world since July, 1903.

Anthony Fiala, of Brooklyn, N. Y., the leader of the expedition, in a brief statement says:

"The rescue was most timely. Supplies of stores lent at FranzJosefland by various relief parties saved us very serious privations. Three attempts to reach a high latitude failed. The scientific work, however, as planned, was successfully carried out."

Christiana, Norway, August 10.—The Fiala-Ziegler polar expedition reached 82 degrees and 13 minutes.

MISTRIAL IN SANFORD CASE.

Jury Stood Eight for Guilty and Four For Acquittal.

By Wire to The Morning Star.

Rome, Ga., August 10.—A mistrial was declared today in the case against Vincent T. Sanford, charged with the murder of George Wright, local ticket agent of the Southern Railway whom Sanford killed July 19. The mistrial was declared shortly after 2 o'clock this afternoon when the jury advised the court that it could not agree. It is said that the jury stood eight for conviction and four for acquittal. Replying to questions from the court, Foreman Lilman declared that the question of fact prevented agreement. Thereupon Judge Wright said he could not help them and that nothing remained but to declare a mistrial. The jury began its deliberations last Friday morning.

PLAGUE STRICKEN CRESCENT CITY

Sixty-Eight New Cases of Yellow Fever Yesterday, Making Total Now 747.

DEATH ROLL TO DATE 124

For Fear of Scattering Pestilence, Archbishop of Chappelle's Funeral Will Be Private—Situation Does not Seem So Favorable.

By Wire to The Morning Star.

New Orleans, August 10.—The following is the official record of the yellow fever to 6 P. M. to-day:

New cases, 68.
Total cases to date, 747.
Deaths, 5.
Total deaths to date, 124.
New sub-foci, 21.
Total sub-foci, 151.
Cases under treatment, 286.

The situation does not look so good in the face of such a steady augmentation in the number of new cases and new sub-foci. They seem to be popping up all over town and the discouraging feature of to-day's report is that only 19 of the sixty-eight names are those of Italians. Quite a number of new cases appear to be secondary infection in sub-foci.

An exceedingly ugly center of infection was unearthed in St. Charles parish to-day by Dr. Corput of the Marine Hospital service. Two days ago he unearthed six cases on that place and eleven cases on the reserve plantation, eleven miles further north, and one case on the Sarpy plantation. It is believed that over thirty Italians have left this group in the last week, but there is no trace of them nor will there be unless the infection should develop among them at their place of refuge. Two of the cases on the reserve plantation died while Dr. Corput was there. This planation belongs to the Codchaux estate and Dr. Godcheux have taken charge of the situation there, and will carry out the instructions of the Marine Hospital Service.

Five more cases have developed at Patterson in St. Mary parish making thirty cases in all there. While the infection was taken there by Italians from the infected district in New Orleans, the disease has spread among the residents and several ladies and children are afflicted. Eight of the patients are convalescent.

Past Assistant Surgeon McMullen and Assistant Surgeon Sweet and Rucker reported to Dr. White to-day. The assignments for the district headquarters will be announced to-morrow. The new control is working smoothly and effectively and it is expected that results will begin to show soon. In view of the opposition of some boarding houses to entertain professional nurses, a home will be provided for them by Dr. Warren's committee.

With the death rate remaining lower than in previous visitations of yellow fever, the feeling among health officers and the laity to-day continued hopeful. Although the present visitation of yellow fever has been prevalent long enough to assume a violent type, the fever is apparently less maligant than it was when it first appeared. Doctors now believe if the first cases had been taken hold of at once, and subjected to proper treatment, the total deaths would have been much smaller than has been recorded. Many cases which have been reported lately, expect among Italians, are mild in character and readily respond to treatment. However, though the conditions present a favorable aspect, the physicians realize that two months or more remain during which the disease may have to be combatted.

Dr. White to-day said that while the work of thorough organization of his forces is rapidly crystallizing, he will not be able to make an announcement of the details of his campaign until Sunday. One of the details of the plan will be, it is said, inspection, not only of every house, but of every room in New Orleans. Dr. White to-day said that he had less interference from politicians in New Orleans than he had ever met with before in similar situations. He had talked over the situation with Mayor Behrman and the Mayor has assurred him that the Marine Hospital force could count on having a free hand in fighting the yellow fever.

A curious incident that occurred to-day was an incipient strike of the employees in the 13th ward of the Citizens' Sanitary Department. Heretofore there have been plenty of men applying for work at $1.50 a day. The 13th ward force, thought it was an opportune time to obtain $2. The Citizens' Committee refused to pay $2, and a new force was engaged.

The City Council to-day authorized Mayor Behrman to borrow $60,000 to assist in meeting the present emergency. Ten thousand dollars is to be used in carrying on street clearing work, and $50,000 goes to the fund asked by the government. Though not quite $250,000 has been secured, all the money is available that can be used by Dr. White, and the medical force for six weeks.

In order that no unnecessary risks of spreading yellow fever be taken, it was announced to-day by Surgeon White and by Father Yottl, in charge of the arrangements that the funeral of Archbishop Chappelle, on Saturday at 9 o'clock in the morning will be private. Dr. White said it was a fact accepted by the scientists that yellow fever could not be transmitted by a corpse, but it is thought that there would be some element of danger in attracting to the Cathedral an immense assemblage of people from all parts of the city. The cathedral is situated in the originally infected quarter within a stone's throw of the French market and there has been yellow fever on all sides of the church. Not all the mosquitoes below Canal street have been destroyed, and the mingling of people from infected regions with those from non-infected quarters might result in a wider diffusion of yellow fever.

To-day a solemn requiem mass was said in honor of the Archbishop. The service lasted two house with a large attendance, principally of people living on the lower side of Canal street. Thirty priests participated, and the church was profusely decorated in white, black and purple. The body rested on a bier in the main aisle, and it was found that the body was sufficiently preserved to permit the removal of the metallic covering. Many reviewed the remains through the glass. After the services ended, further visits to the church were discouraged. During the day Cardinal Gibbons telegraphed his condolence. Many other messages came from all over the United States and from other parts of the world.

The arrangements for the funeral of Archbishop Chappelle were changed again to-night in view of the desire of the Marine Hospital service to avert the gathering of a large crowd in the infected district in the center of which, the cathedral stands. The high mass will be sung to-morrow morning as was done to-day and the remains will imediately thereafter be interred in the crpyt of the cathedral. It will not be generally known that the hour had been changed so there will be but a few present at the final obsequies.

Bishop Fitzgerald, the senior bishop of the Diocese, who succeeds temporarily to the administration of the affairs of the Diocese, cannot come here, owing to the quarantines, so he has appointed Bishop Rouxel administrator.

In endeavoring to trace the infection of the Archbishop, it was learned to-day that his gardener had been ill about two weeks ago with fever, and it is now assumed that it was the prevailing illness. As the man lived on the premises it is easy to account for the infection.

The following cablegram was received to-night.

Rome, August, 10, 1905.
Father Scotti,
Chancellor of the Arch-Diocese,
New Orleans, La.

The holy father feels deeply the loss of Archbishop Chappelle.

(Signed).

SECRETARY TAFT SPEAKS IN MANILA

Defines President Roosevelt's Attitude Towards Roman Catholic Church.

By Cable to The Morning Star.

Manila, August 10.—A dinner was given tonight by Archbishop Harty to the men of Secretary of War Taft's party.

Secretary Taft said in response to a toast to the President:

"The changes effected by the Spanish war, bringing the United States for a time into Cuba, Porto Rico and the Philippines, brought about a more necessary association between the government of the United States and the Church of Rome than has ever before existed. It was not that the constitution of the United States was changed thereby, it was not under the constitution that any particular religion or church was to be recognized but it was that, in taking over from Spain the responsibility of government in these dependencies, the state and the church which were a single tie under the Spanish regime, had to be separated, and it became necessary that an association should be established which under the circumstances prevailing in the United States proper had never before been necessary.

"Now, the toast to which I am to respond is a toast to the President of the United States. That office is now occupied by Theodore Roosevelt. Theodore Roosevelt is not a member of the Roman Catholic church. He is a member of the Dutch Reformed church, and is a Protestant; but his principal rule in the administration of his great office, as far as it affects churches, has been announced by him in this wise, and I do not think at this hour that I can do better to illustrate his character than to say what he has said: "That he wishes, as the President of the United States, to act toward the Roman Catholic church as he would have a President, a Catholic, act toward the Protestant church."

PETERS RESIGNATION DEMANDED

Not in Sympathy With Southern Cotton Association.

By Wire to the Morning Star.

Atlanta, August 10.—Harvie Jordan, president of the Southern Cotton Association, to-day telegraphed Colonel E. S. Peters, vice president of the Association, demanding his resignation. President Jordan said:

"I have wired VicePresident Peters demanding his resignation and have suspended him as an officer of the Southern Cotton Association. The public utterances of Colonel Peters through the press as vice president of the association and his action in Washington clearly indicate that he is not in harmony with the present efforts of the association concerning the full and complete investigation of the Bureau of Cotton statistics and other divisions of the Department of Agriculture. Before taking definite action I desired the endorsement of the Executive Committee. I wired the information to each member and of nineteen applies, eighteen emphatically authorized the demand for his resignation. Five members of the committee were absent from home and could not be reached."

Colonel E. S. Peters was elected vice president of the Association at its organization by the New Orleans Convention last January. His home is at Calvert.

GOVERNMENT CROP REPORT.

Corn, Wheat, Tobacco and Rice Above the Average.

Washington, August 10.—The Department of Agriculture today issued the following crop report:

The condition of corn on August 1, was 89.0 as compared with 87.3 last month, 87.3 on August 1, 1904, and a ten year August average of 85.4.

Preliminary returns indicate a Winter wheat crop of about 424,400,000 bushels or an average of 14.3 bushels per acre, as compared with 12.4 bushels per acre last year, as finally estimated. The average condition of Spring Wheat on August 1, was 89.2 as compared with 91.0 last month, 87.5 on August 1, 1904, and a ten year August average of 83.3.

The average condition of rice on August 1 was 92.9 as compared with 88.0 one month ago and 90.2 on August 1, 1904.

JAPANESE CRY PEACE.

Petty Skirmishes Along Russian-Japanese Front.

Lidiziapudze, Manchuria, August 10.—Nothing but petty skirmishing has occurred recently along the Russian-Japanese front. The weather is fine and the roads are drying out. The Japanese several time on the approach of Russian reconnoitering parties left the shelter of the breastworks, unarmed and throwing their caps in the air shouted "Peace, peace." The Cossacks generally replied with volleys and continued their reconnaissances.
